

Addendum B to Attachment 2

Re: Agenda Report for the City Council Special Meeting of July 13, 2017

Date: July 11, 2017

Additional Question from Council Member Madison Davis

I want to know more about developments that have been built on unregulated dumps or fill that are more than 20 years old. I want the corresponding cancer data from that area. And how have these developments affected human health in that area?
