2017 Tide Tables are here!

Thanks to the Army Corps of Engineers!

We were visited in March by the Army Corps of Engineers vessel "John A. B. Dillard, Jr." an amazing 86' catamaran that picks up debris that could endanger vessels and hinder safe navigation in the waters of San Francisco Bay. They collected the many large pilings we have retrieved over the years. She is named after Major General John Dillard of Corte Madera, California, who was killed along with nine other Americans aboard a UH-1 helicopter hit by enemy fire in the Vietnam Central Highlands on May 12, 1970.

They are VERY good with their crane, and can lift massive pieces of wood!

We are grateful for their service and assistance. **NOTE:** For our **channel markers (ATONS)- we are servicing or replacing all the lights this month.**
Michael Hahn, Harbormaster

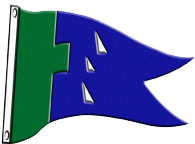

KITE FESTIVAL COMING IN JUNE!

Brisbane Marina Kite Festival, Saturday, 6-24-2017 starting at 1 PM.

The day will include contests: Biggest / Smallest kite, best stunt flying, highest flyer, prettiest, best home-made kite, and MORE!

ALL are welcome!

(Here is Teresa onboard the DILLARD- PROOF we occasionally allow her to have some fun!)
