Star City Music Festival Blasts Off!

Gratitude from Producers Jimmy Leslie & Mikel Ross

“We’re over the moon about the successful birth of Star City Fest,” says Jimmy Leslie, “and we’re filled with appreciation for everyone who helped make it happen. “Brisbane came together with its neighbors in a magical way to help create a truly great day,” adds Mikel Ross. Together as DreamStar Productions, and in conjunction with Brisbane Parks and Recreation, they created the first annual Star City Music Festival, which went off like a dream on July 8th. Brisbane had never witnessed such a party before.

“It was a brilliant setup with a spacious stage placed at the southwestern end of Community Park positioning the San Bruno Mountain as the backdrop,” said City Councilmember Madison Davis. “And the music was *excellent*.” A remarkable range of performing artists rocked through a giant sound system pointed away from the mountainside community at large. “We’re calling this place ‘Little Telluride,’ said members of funky headlining act Afrolicious. “The sound was perfect,”

remarked Michelle Salmon, who was helping out everywhere. About 500 ticket buyers and children admitted free reveled in a diverse lineup from Brisbane’s Got Talent winner Hanna to gypsy rockers Diego’s Umbrella, enjoyed craft beer and wine, did creative kids activities, and visited interesting vendors. “It was great to reconnect with so many customers I hadn’t seen in a while,” commented Mangiare owner George Hawawini, whose food sold like hotcakes.

“Special thanks to George and others that contributed to San Bruno Mountain Watch, and to all the hard-working volunteers,” says Leslie. “Thanks to the City of Brisbane, our supportive sponsors, and to the Brisbane Lion’s Club for their charitable efforts,” says Ross. “We couldn’t have pulled it off without everyone that brought such a stellar vibe to the Star City Music Festival.”

For more photos and video, visit www.starcityfest.com and its Facebook link.

Diego’s Umbrella were favs that day among many.

Artists sang on a stage that had San Bruno Mtn. as its backdrop.

Morgan Rae sang Amy Winehouse’s “You Know I’m No Good” in the Brisbane All-Stars set. She also flew in from Wisconsin a few weeks prior to the Festival and helped a lot with production.

Housing Resource in San Mateo County

HIP Housing, a non-profit organization with over 40 years of housing experience, is reaching out to the community to promote its **Home Sharing program**. The Home Sharing program matches persons who have a room to rent in their home with people who are seeking housing. Clients must live, work or go to school in San Mateo County in order to participate. HIP Housing helps to connect people in living arrangements whereby a home seeker pays rent or exchanges help with cooking, cleaning and other household duties for reduced rent. There is no fee to participate. Home Sharing benefits the community by reducing housing costs for all and providing an affordable housing arrangement in one of the most expensive areas of the Country.

HIP Housing's Home Sharing program:

- Interviews prospective housemates and completes applications
- Requests 3 references, proof of income and identification of clients
- Checks local criminal history background & National Sex Offender database
- Provides resources on what questions to ask of prospective housemates during interviews
- Assists housemates in completing a Living Together Agreement
- Provides mediation and follow up support to housemates
- Offers a home sharing program free of charge.

With funding from San Mateo County, a one-time \$250 incentive is provided to persons who rent a room to someone in our program 90 days after they move in. Now is the time to put that extra room in your home to good use! Earn extra monthly income as well as a \$250 incentive!

If you or someone you know would like to find a housemate to help reduce housing or utility costs or to provide some assistance in the home, please contact Laura Fanucchi at 650-348-6660 x 303 or lfanucchi@hiphousing.org to schedule a convenient time to complete an application at one of HIP Housing's four San Mateo County offices.

How the City is Complying with the California Voter Participation Rights Act

On September 1, 2015, Governor Brown signed into law Senate Bill 415 (SB 415), the “California Voter Participation Rights Act” to increase voter participation in local elections. SB 415 requires local governments, like the City of Brisbane, to move their elections to even-numbered years if there was a significant decrease in voter turnout during odd-year elections. SB 415 requires that a plan be in place by Jan. 1, 2018 to change odd-year election cycles to the same cycle as state-wide elections which is even-year election cycles.

On June 1, 2017, the Brisbane City Council adopted Ordinance 620 changing future City Council elections from odd-numbered years to even-numbered years. To make this transition, **the City will hold its regular elections in**

November 2017 and November 2019, electing Councilmembers to serve three-year terms. After November 2019, the City’s next election for Council will be November 2020; the election after that will be November 2022. These and all subsequent elections will be for four-year terms.

Should you have any questions regarding the implementation of these new laws and the change from odd to even-numbered year elections for Brisbane City Council, please contact the City Clerk Ingrid Padilla at (415) 508-2113 or at ipadilla@ci.brisbane.ca.us.

View the Aug. 21st Solar Eclipse Safely

It’s been 40 years since the moon covered the sun entirely and 99 years since a total eclipse has crossed the nation coast to coast. That’s why many folks are stirring with excitement to witness it, with some even traveling to one of the states it’s projected to pass over in order to get the best view of this striking phenomenon. We in the Bay Area will only get a partial eclipse that will dim our morning sky, as roughly 75% of the sun will be covered by the moon.

Looking directly at the sun is unsafe except during the brief total phase of a solar eclipse (“totality”), when the moon entirely blocks the sun’s bright face, which will happen only within the narrow path of totality (**again, those of us in the Bay Area will not experience totality, so special-purpose solar filters, such as “eclipse glasses” are necessary for viewing the partial eclipse.** South San Francisco Public Library will be handing out eclipse glasses the Monday before

the eclipse (8/14) and the Brisbane Library will have 25 eclipse glasses available for STEM program participants on Wednesday, 8/16 at 4:30pm. They will also make pinhole cameras during the day’s program.

Remember, you can experience the eclipse safely, but it is vital that you protect your eyes at all times with the proper solar filters. No matter what recommended technique you use, do not stare continuously at the sun. Additional safety information is available on NASA’s website at this link, including how to make your own pinhole cameras: <https://eclipse2017.nasa.gov/safety>.

Draft Parkside Plan Released!

The City is working on adopting its first ever Precise Plan for Parkside at Brisbane Village, which includes approximately 230 units of housing and mixed use. Incorporated in the Draft Plan are visions for housing along Park Lane, Park Place and Old County Rd., a boutique hotel, “experiential” retail and new gathering places in the commercial portion, pedestrian and bicycle pathways to connect the residential and commercial areas to Central Brisbane and the rest of the Plan area, and incorporates our existing public art requirements. The City Council will hold public hearings on the Draft Plan beginning in October. Stay up-to-date with Parkside by signing up for its mailing list: <http://brisbaneca.org/weekly-updates-from-the-city>.

Annual Restoration Work in the Brisbane Acres

For approximately the last 10 years, since the City has been acquiring parcels in the Brisbane Acres as recommended by the Open Space Plan adopted by the City Council in 2001, the City has been working to keep the land well-maintained and free of invasives such as scabiosa, fennel and French broom that choke out native endangered butterfly host plants – the varied lupine, silver lupine, and summer lupine. Staff works with OSEC (Open Space and Ecology Committee) to adopt an annual Vegetation Management Plan and has been hiring Shelterbelt Builders, which specializes in the management, stewardship and restoration of native landscapes in the San Francisco Bay Area and has an in-depth knowledge of the Acres area. Shelterbelt is a specialty contracting company dedicated exclusively to the restoration of native landscapes and open land management. They do similar work for the County higher up on San Bruno Mountain and have treated populations of Ehrharta grass and Acacia resprouts in San Bruno Mountain Watch stewardship areas.

This year, Shelterbelt commenced their work on July 10th and will be finishing up shortly. They'll be making a presentation to OSEC in the Fall of the work they completed this year and what's recommended for next summer. The OSEC meets on the fourth Wednesday of each month at 6:30pm.

Check out the Before and After photos of an area above the Margaret Water Tank selected for a trial program of scrub removal completed by Shelterbelt last year:

The City currently has 45 parcels which are approximated in the map below:
