Subject: CalEvironScreen 3.0 Website

Dear Council Members and City Staff,

Here is the link to the Office of Environmental Health Hazard Assessment (OHHEA) updated website CalEnviroScreen 3.0 <https://oehha.ca.gov/calenviroscreen/maps-data>

This site provides a map of Pollution Burden scores, Population Characteristic scores and the twenty indicators in CalEnviroScreen 3.0. Enter our zip code and a map will appear. To learn about the levels of impact, click on Brisbane on the Map. Also note the comparison of Brisbane to the Hunters Point area and the rest of the Bay Area.

Thank you,
Beth Grossman
