

**Cliff Lentz**

**Occupation: Incumbent**

**Age: 52**

I feel blessed to have lived in Brisbane for the past 28 years. I've had the opportunity to create a small business, give back to our community, and raise a family with my wife, Karen.

I am running for re-election to the Brisbane City Council because I love public service. It gives me great satisfaction to work with our community to bring the programs and services that make our city healthy, prosperous, and a joy to live in.

As a current Councilmember, I strive to engage and listen to our citizens, and then put forth ideas that make our town better. Some of these ideas have led to:

- Building the pocket park behind the current library
- Moving forward with building a new library, but within a more manageable footprint
- Receiving a \$850K grant to rebuild the Crocker Park Trail to make it accessible for everyone
- Promoting Priority Based Budgeting, to make the City Budget more accountable
- Initiating the Parkside Precise Plan to help bring affordable housing to Brisbane

What makes Brisbane a great place to live is us – the people. Like you, I value our open space, the way we care for each other when we need help, our fiery independence. I've supported funding for open space and habitat restoration, I'm a proud member of the Lions and Eagles, and I strongly believe in local control when it comes to development in our City.

Over the next several months, the Council will be working with our citizens to create a vision for the Baylands. I would be honored to continue my work helping our community to promote a Baylands development that:

- Uses the highest remediation standards to make the site safe
- Creates a proper public transportation infrastructure to reduce traffic impacts
- Incorporates significant open space throughout the development
- Ensures that the City will not be financially at risk
- Makes the Baylands energy self-sufficient
- Promotes the values of our community

The Baylands is part of OUR City. Thus, we should be the ones who decide its outcome – not San Francisco, not the State. I am confident that our community will come together and put forth a vision for the Baylands that will make future generations proud of what WE will accomplish together.

I would be honored to have your vote.

Sincerely,

Cliff Lentz

Brisbane City Councilmember
