For the second year in a row Jeri Sulley and Kathy Wall led the crowd in the singing of the National Anthem.

From the Brisbane Police Department

Recently, the Brisbane Police Department responded to a call where an unknown suspect smashed the window of a vehicle where the owner had left two boxes on his back seat after returning from Costco. While the owner went into a business in Brisbane, his back window was smashed and the boxes were taken. It is likely that the suspect followed the driver from Costco to the business in Brisbane.

The Brisbane Police Department encourages you to practice crime prevention measures to increase your personal safety and security this holiday season.

- Do not leave valuables, shopping bags or personal items visible in your vehicle. This creates a temptation for thieves. Keep valuables and packages locked in the trunk.
- Be alert to your surroundings at all times while driving and when you are getting in and out of your car. Do not let yourself be distracted by your phone or other devices while driving or walking to and from your car.

If you're followed while driving:

- Drive to the nearest police or fire station for assistance.
- Drive to an open gasoline station, grocery store or other business where you can safely call the police.
- Keep driving until you find a safe area. In the meantime attract attention to your situation by honking the horn in rapid, short blasts and by turning on the emergency flashers.
- Attempt to obtain the license plate number and a description of the car following you; and do not drive home or pull over to the side of the road, you may not have a way out.

If you have any questions or concerns, please feel free to come by the station or call us at 415-467-1212 to speak with an officer.

Holiday Safety Tips from the North County Fire Authority

The Holidays are an exciting time for everyone, but festive lights, ornamented trees, candles and other in-home decorations are not the only indicators that the holidays are upon us. According to the National Fire Protection Association (NFPA), December and January are the peak months for the overall number of home fires, deaths and injuries. Families looking to spread holiday cheer should also be aware that on average 240 home fires start with Christmas trees, causing an average of 13 deaths, 27 injuries, and \$16.7 million in direct property damage on an annual basis. Keeping this in mind, the North County Fire Authority wants to remind everyone in the community about the importance of having a safe holiday season. The following safety tips will ensure a memorable holiday for everyone:

- Install a smoke and carbon monoxide detector on every level of your home. Test detector batteries every month.
- Do not place your tree close to a heat source, including fireplace or heat vent. The heat will dry out the tree and cause it to more easily ignite by heat, flame or sparks.
- Never put holiday tree branches or needles in a fireplace or wood-burning stove.

- When the tree becomes dry, discard it promptly. The best way to dispose of your tree is to take it outside to have it collected by the community pick-up service.
- Inspect holiday lights each year for frayed wire, bare spots, gaps in the insulation, broken or cracked sockets and excessive kinking or wear.
- Use only lighting evaluated by a nationally recognized laboratory such as Underwriters Laboratories (UL).
- Do not overload outlets. Connect strings of lights to an extension cord before plugging the cord into the outlet.
- Do not leave holiday lights unattended.
- Avoid using lit candles.
- Never leave the house with candles burning.

During this session, students will learn drills that enhance the understanding of how each stroke works. Drills break down the stroke step by step and help the swimmer feel each mechanical part of the stroke, which in turn helps make the stroke smooth and efficient. They will also learn legal flip turns and dives. To enhance endurance, students will also be doing interval training utilizing the pace clock. Instructor: Aquatics Staff

Measure E Approved by Voters

On Tuesday November 7th the voters of Brisbane approved Measure E with approximately 78% of the vote. The Measure allows the City Council to increase the tax on large recycling companies (100,000 tons or more recycled in a year) up to \$4,000,000. Previously, the maximum allowed was \$3,000,000. It is anticipated that the City would be above this amount beginning in July 2019. In 2017 the City received \$2,105,000, in 2018 we will receive \$2,768,000, and in

2019 we will receive \$2,979,000. Currently, Recology is the single highest paying taxpayer in the City. This one revenue source accounts for about 12% of the City's overall General Fund revenues. It is greater than the entire amount of property tax the City collects. By approving this ballot measure, the City will be able to continue to provide the high level of services the residents and businesses depend upon.
