

Dredge Update 7-1-2016

- Dredging is continuing on the NORTH side of the NORTH finger, Dock 2. The dredgers will NOT be working in the Marina July 2nd, 3rd or 4th.
- Dredgers should be routinely contacted on Marine radio band Channel 80, IF they are present- and you are advised to contact them on your way in or out of the Marina. (They also monitor Ch. 16). Sometimes, a few minutes may be needed to relocate their equipment- they are able to better respond when you give 15-20 minutes notice before moving. *Slow, safe* vessel moves in all Marina areas are requested.
- *Next phase* → EAST end (seawall side) South finger dock 3 to include slips 3099→3132. You will be contacted with your temporary slip assignment. Estimated start next phase is – Mon., 7-11-2016
