2018 Tide Tables are here!

All the news that's fit to print

Notes from the Harbormaster

I am responsible for making announcements and forwarding staff requests + providing you info on all that is happening here. This month, the majority of items come from your fellow BOATERS:

- **PLEASE STOP riding BICYCLES on the docks!** This is prohibited in the Marina regulations and IF there is ever a collision on the dock that results in a complaint or injury, and you were on your bike- you may be asked to leave the Marina, in addition to any civil penalties, etc..
- **PLEASE do not berth or spend the night at the PUMP OUT DOCK.** Apparently there are a couple of boaters who do this every week. That dock is for pumping out ONLY– please go to our GUEST dock if you need a temporary berth for the night!
- **MOSQUITOS** are a real issue this year! Please check your boat and eliminate any source of standing water. We have had many complaints that our “derelict” fleet is responsible, due to a lack of attention to our vessels & we have huge numbers of reports of bites on the docks this season.

And this leads to my final point– for MONTHS I have been advising that it is **IMPORTANT** to keep your registration current & bring us a copy for your file. **ALL vessels lacking proper registration or that are NOT SEAWORTHY will be receiving correction requests from me. Take these as serious warnings.** Our desirability as a destination Marina is increasing and we want well maintained and seaworthy boats in every slip. **PLEASE** do your part!

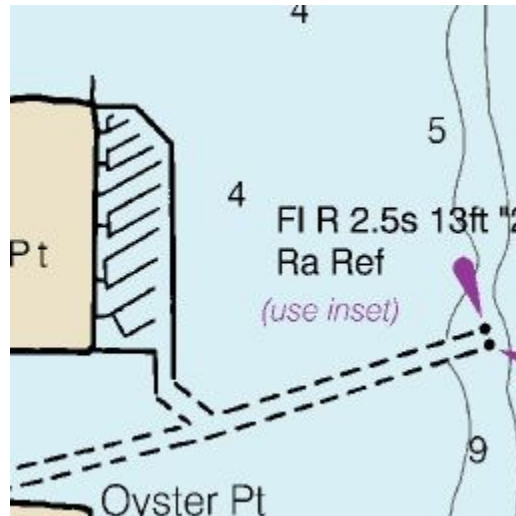

UPDATE : BCDC LIVE-ABOARD PERMIT APPLICATION

The City has received BCDC's approval for “live-aboards,” and the City Council began consideration of this item at their 7/19/18 meeting. **The City must now decide on a fee schedule for live aboard boats, and will consider this at an upcoming Council meeting.** There is *no “list” at this time* and we will post updates as this changes. The boaters to be first considered for this status will be those who have *already* had a boat here for 6 months.

Our door is always open, and we are grateful that you have chosen Brisbane Marina as your “home port!”

Michael Hahn
Harbormaster

A REMINDER regarding our CHANNEL– remember that you enter & exit at a 45 degree angle– *NOT* straight out at 90 degrees to what you think is our channel!

Sierra Point Yacht Club

Quincy Bragg, Commodore

- **Friday Night Pot Luck 6-9 PM**
Beer Can Racing every Tuesday evening through August
(see SPYC website for details)
Brunch at the Club, 1st & 3rd Sundays
