WORKSHOP

- A. Provide the Council Subcommittee feedback related to the progress made so far in determining a process for developing the FY 2012/13 budget**

City Manager Holstine outlined the framework of the process and the work that has been accomplished so far by the Council Subcommittee.

Administrative Services Director outlined the information in the staff report and the proposed ranking system for all of the City's programs and services.

After extensive Councilmember questions and clarifications, it was the consensus of the Council to view the Subcommittees recommendations on ranking of the different City programs and services before deciding on the ranking system process.

Ray Miller asked whether the Council had considered the programs being delivered at a different service level rather than just prioritizing each one.

City Manager Holstine indicated that Mr Miller's point would be addressed in step five of the proposed process.

He asked that the Council set up a follow up meeting to continue to move this process along.

It was the consensus of the Council to set Monday, October 24, 2011 as the next meeting date on this subject.
