Public Works Director Breault outlined the agreement being considered and the information provided in the staff report.

CM Conway asked for assurance that the City Attorney had reviewed the proposed agreement. City Attorney Toppel indicated that he had.

He also questioned going ahead with this kind of analysis regarding the sale of streets and of giving up the street right-of-ways without assurances that those streets would be replaced with future replacement street access.

Public Works Director Breault explained the difference of figures in the staff report and the agreement. He clarified that Mr. Miller's point was correct but that at this time, the agreement was just for an appraisal not any transfer of roads or property.

After Councilmember questions and clarifications, CM Conway made a motion, seconded by CM Lentz, to cover the increased costs of the bus service for this year only and to talk to the bus service provider in the next year to negotiate a contract that might keep the fees affordable.
