## Agenda Report

DATE: City Council Meeting of January 30, 2017

TO: Mayor and City Council

FROM: Ingrid Padilla, Interim City Clerk

SUBJECT: Commission/Board of Trustee Interviews and Possible Appointments

### **RECOMMENDATION**

Interview applicants for the Planning Commission and possibly make appointments for three Planning Commission terms through January 2020.

And interview applicants for the Board of Trustee for the San Mateo County Mosquito and Vector Control District and possibly make an appointment for one San Mateo County Mosquito and Vector Control District Board of Trustee (SMCMVCD) term through January 2021.

### **BACKGROUND**

On January 21<sup>st</sup>, 2016, the City Council reappointed three Planning Commissioners (Tuong Van Do, Carolyn Parkers and David Reinhardt Ragouzeos) to terms ending April 30, 2016. The City Council's intent was for the commissioners to serve until a recommendation was made on the Brisbane Baylands. The Planning Commission has now completed their hearings on the Brisbane Baylands and the City Council directed staff to fill three Planning Commission Terms through January 2020. Current Planning Commissioner David Reinhardt Ragouzeos did not apply for reappointment. The following citizens have submitted an application to either be re-appointed or appointed to the Planning Commission:

- James Christie
- Mea Christie
- Karen Cunningham,
- Tuong Van Do (current member)
- Coleen Mackin
- Phil Marks
- Carolyn Parker (current member)
- Anne Pradenas

On October 20, 2016, the Council accepted Robert W. (Bob) Maynard's resignation as the City of Brisbane's Trustee to the San Mateo County Mosquito and Vector Control District. City Council has directed staff to fill one Board of Trustee for t SMCMVCD through January 2021. The following citizens have submitted an application to be appointed to the SMCMVCD:

- Michael Abney
- Carolyn Parker

## **DISCUSSION**

A brief description of the appointees' duties, a table of the current members' terms, and the applications for the Planning Commission and Board of Trustees for the San Mateo County Mosquito and Vector Control District are attached to this report.

## About the Planning Commission

The Planning Commission consists of five members, appointed by the [City Council](#) for terms of four years each. The authority for the work of the Commission is established in State law and in the Brisbane Municipal Code. The primary duties and responsibilities of the Commission are:

1. To review, take public testimony, and make recommendations to the City Council in regard to the City's General Plan, which is a comprehensive, long-term compilation of policies regarding the physical, social and economic development of the City.
2. To develop zoning regulations to implement the General Plan, hold public hearings, and make recommendations regarding the adoption of these regulations to the City Council.
3. To consider and take action on land use development applications, such as use permits, design permits, variances, and subdivision applications.
4. To assist the City Council as requested by reviewing and commenting on special projects, studies, and reports and by holding public meetings and hearings to gather public comment.

The Planning Commission meets regularly on the 2nd and 4th Thursday of each month at 7:30 p.m. in the Community Meeting Room at Brisbane City Hall, 50 Park Place and is also [televised on Comcast Channel 27](#). Agendas are publicly posted at least 72 hours before the meetings. The agendas provided on the website include links to the agenda reports and minutes are posted to the website following adoption by the Commission. Public notices are also posted at least 72 hours before the meetings and [may be viewed here on the city website](#). To receive email notifications of meetings, please contact the Planning division at (415) 508-2120.

To: Honorable Mayor and City Council

I am a resident of the City of Brisbane and am interested in being considered for re-appointment to the Planning Commission. I currently serve as the Chair of the Planning Commission and have served on the Planning Commission for over 5 years. I would like to continue my service and strongly feel that this continuity would benefit both the city and commission as the Commission continues to review applications. This is especially critical in light of the fact that the Planning Commission is in the process of reviewing the application for the Baylands and contributing to the Parkside project.

With this in mind, I am applying for re-appointment with the following updates to my application already on file:

Name: TuongVan Do

Years Lived in Brisbane: 10 years

Address: 34 Visitation Avenue #15

Email Address: [mariposadreaming@gmail.com](mailto:mariposadreaming@gmail.com)

Home Phone: 248.494.0301

Work Phone: 248.494.0301

Employer's Name: self-employed/contract

Occupation: consultant/author

Present Position: contract research attorney/writer

Length of Employment: approximately 7 years

#### Community Activities

During my tenure, I have increased my involvement in community activities by participating in Brisbane Lion Club events, Chamber of Commerce activities, and continued my involvement with the Mothers of Brisbane and Mission Blue promotions.

#### Background Information

I am a self-starter, passionate about the community, and committed to contributing to our town. I continue to be self-employed and possess training in language arts, political science, law, and community advocacy.

#### Why Be a Commissioner?

After having served on the Commission for the past 5 years, I am seeking re-appointment to continue serving the community. I have been immersed in the language of codes and analyses during the last 5 years and continue to build on this knowledge which enhances and fine tunes my skill sets. Moreover, I have developed an increasingly strong rapport with my fellow commissioners that adds to the collaborative aspect of community decision-making. With this combined experience and skill set, I believe that my re-appointment will benefit our community.

#### What Contribution Can I Bring to the Commission?

Coming from a background as a research attorney, writer, and community advocate, my skill set speaks to my ability to communicate, synthesize, and share information with a broad perspective that is inclusive and reasonable. These skills have been and will continue to be invaluable as it applies to the

Planning Commission's responsibilities such as: reviewing applications, taking testimony, developing regulations, holding hearings, providing comment and reports for recommendations that would impact city development and growth.

Aside from these technical skills, I possess a collaborative, diligent, and reasonable personality that is community-centric. Together, my technical skills and community-centric personality allow for and support a cooperative work ethic that is necessary for a position that requires balance, poise, consensus-building, and compromise to achieve optimal community benefits.

#### Time Commitment

During my tenure, I have dedicated myself to the demands of the position by reviewing relevant data drafted and presented by Staff, making appropriate inquiries, conducting hearings and considering the impact of relevant information presented at the hearings, attending meetings, and submitting recommendations to the City Council as a team member of the larger Brisbane Planning Commission.

My attendance record is regular and strong despite the increase demand for more time (i.e., Baylands application). I plan to continue my dedication and service. I understand that there may be increasing responsibilities and prepared to make that commitment. Excepting emergencies, I am aware of my availability and can respond to commission demands appropriately and in a timely fashion.

To: Honorable Mayor and City Council

I am adding to the application on file with the following information:

Serving as the Chair of the Brisbane Planning Commission, I have garnered a significant amount of experience and expanding expertise in public hearings and application evaluations. I find that my skills as a fair mediator, reasonable consensus-builder, and committed community advocate have grown and I am increasingly becoming a subject matter expert. Having chaired the Brisbane Baylands application process and completed the Environmental Impact Report evaluation, I have reaffirmed that the Commission's work is both necessary and pivotal for our community's well being. I have become ever more convinced and dedicated to serving our community.

With this in mind, I am applying for re-appointment with the following updates already on file with Ingrid Padilla:

Employer's Name: D.C. Sosa / California State Bar Association / Test Administration

Present Position: Administrative since 2015 Length of Employment: 14 years Northern CA testing

What community activities are you presently involved in, or have been in the past?

San Mateo County Grand Jury 2010-2011

Baylands DEIR Citizens Review Committee - CitCom

Complete Streets Safety Committee 2013-2016 (present), Chair 2013 and 2014

Please list any other background information (business, education, personal) that might be useful.

The skills used as an Operations Manager and Systems Analyst included measured observations, analysis, and documentation of procedures.

The same disciplines were applied to serving as a Grand Juror: thorough investigations, interviews, and writing/editing conclusive reports in collaboration with my colleagues.

My background in Journalism reflects my inquisitive nature and attention to detail. I am comfortable interviewing people and working on projects where there may be strongly dissenting opinions.

Having the opportunity to study the DEIR for the Baylands, I understand the complex interplay of entities that have a bearing on long-term planning for Brisbane. As a citizen, I follow the activities of our city government and participate in Planning Commission and City Council hearings.

Why do you want to be a member of the above Commission/Board?

The Planning Commission considers applications from homeowners and developers.

For a homeowner, they rely on a careful and thoughtful review of their project. This isn't just a house, but their home.

The developer deserves the same careful deliberation and consideration of their projects.

The Planning Commission can serve as the conduit to successful outcomes for both the developer and our community.

Planning applications can literally change the face of Brisbane.

Knowing what questions to ask, or the tenacity to probe for answers oftentimes makes the critical difference. This is exciting and challenging work that I would like to be part of.

What do you feel you could contribute to the Commission/Board?

First and foremost, Brisbane needs Planning Commissioners present at meetings. I can devote the time to being an active participant.

I'm an independent thinker who embraces change as a positive part of life. I also recognize that the type of changes we embrace are important to our community. The history of Brisbane is instructive when considering the long-term outcome of decisions. I would take the weight of this responsibility very seriously.

Planning Commission meetings are held on the 2nd and 4th Thursday of each month, beginning at 7:30 p.m. There are occasional extra meetings and a substantial amount of reading material to review prior to each meeting. How much time do you envision giving to the Planning Commission? How often are you out of town? What other commitments might cause conflicts in your attendance at Commission meetings/activities or conferences?

My attendance record for the past three years on the Complete Streets Safety Committee is an illustration of the enthusiasm and participation I commit to serving on boards, commissions and committees.

I am fortunate to have a work schedule that allows flexibility.

You are instrumental in the enrichment and development for your city in regard to public health concerns. You will be compensated with a check for \$100.00 for each monthly meeting, which is in lieu of expenses.

## **About the San Mateo County Mosquito & Vector Control District**

San Mateo County Mosquito and Vector Control District (SMCMVCD) is an independent, property tax-funded district within San Mateo County. SMCMVCD originally founded to provide mosquito surveillance and control to county residents, expanded over the years to provide yellow jacket nest removal, insect identification, and vector-borne disease surveys to participating county residents. SMCMVCD is also the designated Africanized-honeybee swarm removal agency, pending their arrival.

SMCMVCD is also dedicated to educate the community with presentations to schools and agencies, as well as providing students with opportunities to gain real scientific work experience and skills. We strive to provide quality, personalized vector abatement services. We are continually testing safer, more efficient methods for vector control to better service our community.

District services include, but are not limited to:

- Mosquito inspection and control
- Recommendations on eliminating mosquito breeding sources on residential property
- Insect identification services and information on biology and control of insects
- Yellow jacket nest removal on residential property
- Disease surveillance such as mosquito-borne encephalitis, West Nile virus, plague, hantavirus, and Lyme disease
- Tick identification and information
- Provide mosquito-eating fish for backyard ponds, pools and fountains (free to district residents)
- Presentations and displays to local schools, libraries, fairs, and civic groups for community education

Why do you want to be a member of the above Commission/Board?

I find that the Mosquito Abatement Board has built up a solid and diverse group - important since San Mateo County has many types of cities, terrains and climates - all with different approaches and needs. I would like to represent Brisbane.

What do you feel you could contribute to the Commission/Board?

I went with Bob Maynard to his final meeting of the Mosquito Abatement Board. There are two subcommittees that I would be interested in serving on. One is policy and the other is ecology. I think it is important for Brisbane that we have a diligent and strong participation on such an important Board.
