Agenda Report

Date: City Council Meeting of May 18, 2017

To: Mayor Liu and Members of the City Council

From: Michael Roush, City Attorney

Subject: Resolution Implementing the Business License Tax for Liquid Storage Facilities for 2017

City Council Goals

To provide for effective and efficient delivery of City services (1)
To develop management and fiscal systems to maximize effectiveness of City services and accountability to Brisbane taxpayers and citizens (11)

Purpose

To establish for calendar year 2017 the amount of the business license tax charged to liquid storage facilities under Section 5.20.011 of the Brisbane Municipal Code

Recommendation

Adopt Resolution 2017-11

Background

At the general election in November 2013 Brisbane voters approved an annual business license tax on persons engaged in the business of operating, leasing, supplying or providing a liquid storage facility in the City of Brisbane. The ballot measure added Section 5.20.011 to the Brisbane Municipal Code, allowing the City to impose up to a maximum business license tax of \$115.28 per year for each 1000 cubic feet of liquid storage capacity.

In 2014 and 2015, the City Council imposed a business license tax of \$38.91 for each 1000 cubic feet of storage capacity. In 2016, the Council imposed a business license tax of \$115.28 for each 1000 cubic feet of storage capacity. As to Kinder Morgan/SFPP, LP, the owner of the largest liquid storage facility in Brisbane, this rate translated to a tax of \$135,000 in 2014 and 2015 and to a tax of \$400,000 in 2016. The company paid the \$135,000 for 2014 under protest in December 2014, paid the \$135,000 for 2015 in January 2016, and paid the \$400,000 in December 2016 under protest. The company has also filed a civil suit against the City in the San Mateo County Superior Court seeking reimbursement for the taxes paid in 2014, 2015 and 2016. The trial on that matter is scheduled for August 2017.

Discussion

The City Council has the authority under the Ordinance to impose up to \$115.28 for each 1000 cubic feet of liquid storage capacity—which rate, if imposed, would translate to \$400,000 as applied to Kinder Morgan/SFPP. Staff recommends that the City Council impose the full \$115.28 for each 1000 cubic feet of liquid storage capacity and impose a tax for 2017 in the amount of \$400,000.

Fiscal Impact

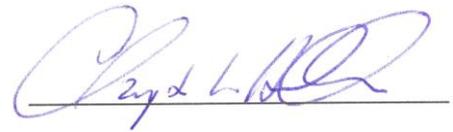

Council's adoption of the attached resolution will result in a business license tax of \$400,000 for the 2017 calendar year as to Kinder Morgan/SFPP and potentially, other license tax payments from other liquid storage facilities in Brisbane.
