### *Staff Report*

To: Infrastructure, Utilities and Franchise Subcommittee

From: Maria Saguisag-Sid, Principal Analyst

Subject: Solid Waste Rate Increases from South San Francisco Scavenger Company, Inc. and Recology

Date: Meeting of May 19, 2016

**Purpose:** To review Notices of Intent to adjust current rates in Brisbane for solid waste from South San Francisco Scavenger Company, Inc. and Recology.

**Recommendation:** Review and discuss proposed increases to be effective July 1, 2016 and direct staff how to proceed.

**Background:** The City of Brisbane currently holds franchise agreements for solid waste removal services with South San Francisco Scavenger Company, Inc. (SSF Scavenger) in Zones 1 and 2, and with Recology in Zone 3. These agreements became effective November 2014. Services under these agreement not only include weekly residential and commercial solid waste removal services, but also provides for other services such as the annual citywide yard waste clean-up, management of our annual diversion reports to CalRecycle, assistance in implementing new mandates such as the AB341 mandatory commercial recycling law and AB 1826 mandatory commercial organics recycling, and other recycling and diversion services.

Per State Assembly Bill 939, the City is required to have a diversion rate of 50%, meaning that discarded material needs to be sorted so that reusable and/or recycling material can be diverted from the waste stream. Services provided by SSF Scavengers as well as partnerships with the County of San Mateo's RecycleWorks Program allowed the city to reach a diversion rate of 76% in 2012, 80% in 2013, and 82% in 2014. The 2015 report is currently being prepared and should be available in August.

Each year, the franchise agreements provides for annual adjustments of rates for commercial and residential customers in Brisbane. The following are the formulas for each agreement that pertain to this year's proposed adjustments:

**SSF Scavenger:** Section 6.2 of the Agreement provides for an adjustment of 80% of the change in the Consumer Price Index for Urban Wage Earners and Clerical Workers (CPI) for the previous year. That is, if the CPI had increased during the previous year by 3%, the rates would increase by 2.4%.

**Recology:** Section 6.2 of the Agreement provides for an adjustment based on a percentage amount equal to the Refuse Rate Index (RRI) calculated based on the following table:

Table 1. Refuse Rate Index

| <u>Cost Category</u>      | <u>Weighting</u> | <u>Source/Index</u>                     |
|---------------------------|------------------|---|
| Fixed Labor               | 0.60             | As per Collective Bargaining Agreements |
| Variable/Processing Costs | 0.25             | CPI(U)                                  |
| Biodiesel Fuel            | 0.05             | Fuel Index (Total G-NGV1 Charge)        |
| Total:                    | 0.90             |   |

For example, if the annual percentage change is 3.0% for CPI(U), 9.0% for the Fuel Index, and 4.0% under the CBAs, then the RRI Adjustment Percentage equals 3.60% ( = (.60 x 4.0%) + (.25 x 3.0%) + (.05 x 9.0%) ).

The agreements provide that rate increase requests be submitted by March 31st and the City act on the requests by June 30th of each year.

#### **Discussion:**

Each franchise holder has submitted their request in a timely manner. Base on their formulas as noted above, the proposed increases for rates are as follows:

- SSF Scavengers: 2.35%
- Recology: 2.31%

Attached are the notices of intent for each franchise holder. Staff has reviewed the proposed rates and they appear to be in line with what is permitted by the franchise agreements. The agreement provides that the City act on the rate increase notice of intent by June 30. Should the subcommittee concur, staff will bring the rate increase to the full council for approval at a future council meeting in June.

#### **Fiscal Impact:**

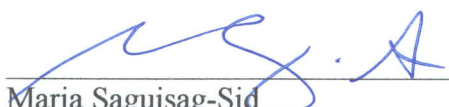

Based on these rates, the increase for a standard 32-gallon residential can would be \$0.71 per month, or an additional \$8.52 for the year for solid waste removal service. The increase for a commercial/multi-family 2-yard bin would be \$6.87 per month, or \$82.44 per year for SSF Scavenger customers. The increase for a commercial 2-yard bin would be \$13.47 per month, or \$161.64 per year for Recology customers.

#### **Measure of Success:**

Is solid waste removal able to continue efficiently for the community?

#### **Attachments:**

- Notice of Intent letter from South San Francisco Scavenger Company, Inc. dated March 28, 2016
- Rates and Charges for South San Francisco Scavenger, Inc.
- Notice of Intent letter from Recology, dated March 11, 2016

Ms. Maria Saguisag-Sid  
Senior Human Resources Analyst/Special Projects  
City of Brisbane  
50 Park Lane  
Brisbane, CA 94005

Dear Ms. Saguisag-Sid,

In accordance with the terms of Section 6.2 of the Franchise Agreement, please accept this letter as the required Notice of Intent to adjust the current rates in Brisbane.

We are applying for a rate adjustment equal to 80% of the change in the Consumer Price Index for Urban Wage Earners and Clerical Workers, as described in section 6.2. The calculation for this year yields an increase of 2.35%.

Copies of the calculation, the relevant CPI data, and a proposed rate schedule, are attached for your consideration. The new rates would take effect July 1, 2016, if approved.

Thank you for your consideration of this matter. If you have any questions, please contact me at (650) 589-4020 at your earliest convenience. We are, of course, available to meet with you to discuss any concerns or issues, at your convenience.

Sincerely,

Paul Formosa, CFO  
South San Francisco Scavenger Co., Inc.

South San Francisco Scavenger Co.

March 11, 2016

Mr. Clay Holstine  
City Manager, City of Brisbane  
50 Park Place  
Brisbane, CA 94005

Re: Annual franchise fee and notice of intent to modify rates based refuse rate index

Dear Mr. Holstine:

The purpose of this letter is to communicate our annual franchise fee payment and provide notice of Recology's intent to modify rates based on the refuse rate index. The franchise fee payment will be for the 13 months ending December 31, 2015 and totals \$14,879.38 or 14% of gross billings of \$106,281.30. The rate adjustment has been calculated in accordance with Section 6.2, *Modification Based on Refuse Rate Index*, of the Franchise Agreement between the City of Brisbane and Recology Brisbane for the Collection and Disposal of Recyclable Materials, Organic Materials, and Solid Waste in the City of Brisbane. If approved, the change will take effect on July 1, 2016.

The proposed rate adjustment is an increase of 2.31% to the current uniform commercial rate schedule. Table 1 details the calculations:

| Table 1. Refuse Rate Index |             |              |                         |                |
|----------------------------|-------------|--------------|-------------------------|----------------|
| Cost Category              | Weighting   | Source/Index | Value from Source/Index | Weighted Value |
| Fixed Labor                | 0.60        | As per CBAs  | 3.00%                   | 1.80%          |
| Variable/Processing Costs  | 0.25        | CPI(U)       | 3.18%                   | 0.80%          |
| Biodiesel Fuel             | 0.05        | Fuel Index   | -5.71%                  | -0.29%         |
| <b>Total</b>               | <b>0.90</b> |              | <b>Calculated COLA</b>  | <b>2.31%</b>   |

Additionally, we would like to inform you of events that are anticipated to result in an increase in our cost of providing services under Section 6.3, *Extraordinary Items*, but that will not be included until next year's annual notice of intent to modify rates.

On August 4, 2015, the State Water Resources Control Board (SWRCB) adopted Order WQ 2015-0121-DWQ, entitled "General Waste Discharge Requirements for Composting Operation" (General Order).

The General Order is a comprehensive regulation covering all aspects of composting operations relating to water quality. It includes detailed requirements regarding waste discharge amounts and characteristics; volume, types and quality of feedstocks, additives and amendments; infrastructure siting, design, construction and maintenance; site closure; monitoring and reporting; regulatory fees; and other aspects of facility operation.

All major compost facilities in the State of California will eventually be required to comply with the General Order, unless the facility's Regional Water Quality Control Board (RWQCB) determines that a site-specific order regarding waste discharge requirements (WDRs) is necessary, in which case site-specific WDRs will be developed. Site-specific WDRs are expected to be modeled on the General Order.

In the case of Recology's composting facility, Blossom Valley North (BVON), the Central Valley RWQCB is requiring that BVON have site-specific WDRs. Once approved, BVON will then have a period of time to come into compliance.

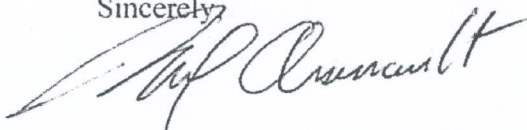

Recology is continuing to evaluate the infrastructure improvements and operational changes necessary for BVON to comply with the General Order (and by extension with the expected requirements of the site-specific WDRs).

Additionally, on January 15, 2016, Recology ceased landfilling at Waste Management of Alameda County's Altamont Pass landfill and began landfilling at Recology's Hay Road landfill. As a result, Recology is now incurring additional costs in the form of transportation and disposal charges.

Both the new landfill costs and organic compliance costs will translate into higher costs for disposal and composting the City's material, and consequently higher operating costs for Recology Brisbane. To compensate for these costs, Recology intends to apply for a rate adjustment under its franchise agreement with the City during next year's rate notice of intent to modify rates, and include appropriate documentation to support the cost increases, including additional details about the compliance measures, costs and schedule, and the method of allocation.

At this time next year, we look forward to working with the City of Brisbane in a cooperative and transparent manner so that you fully understand the cost impacts. We are happy to answer any questions, participate in council study sessions, and to assist with the City Council approval process as required. Please contact me if you have any questions.

Sincerely,

Mark Arsenault  
Vice President and Group Manager  
San Francisco Region
